

By organizing parents' meetings at schools & in communities

By visiting them at their home

By sharing information via educative audio recordings, songs & movies

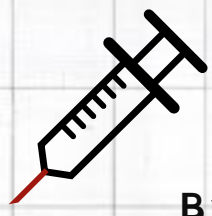

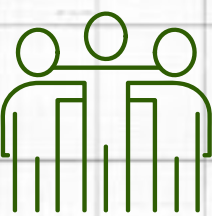

By making information available via posters, leaflets & flyers

By designing action plans together

How can you engage parents?

By setting up parent support groups & Communities of Practice

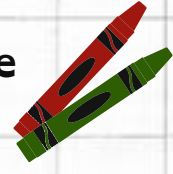

By sensitizing them during the immunization of their children

By engaging them in skits & role plays

By organizing debates & discussions about relevant topics

By engaging them in making inclusive learning & play materials

By engaging them as volunteers at schools and in communities
